## Visiting the School After Open Evening

We are always happy to show visitors around our school. If you were unable to attend Open Evening please contact the school to arrange an appointment to see the school during the day with your child.

## Why should you choose St Guthlac School?

Once again this year the Saint Guthlac School has seen a substantial increase in school improvement. Following the results in August we are delighted to report our outstanding achievements at KS4. Our GCSE results of 5 A\* - C were the best ever at 58% and our 5 A\* - C with English and Maths was 40%. Not only have we continually beaten our targets but we can also proudly announce that within the local area and at county level our results are very well regarded.

The small nature of the school means that we know every child well and can work with them to enable them to achieve their full potential. The specialised staff, in combination with modern, well-resourced learning environments, ensure that learning is at the heart of all that we do as we prepare our youngsters for success both at Saint Guthlacs and in the future.
